DETAILED ACTION

Claim Rejections - 35 USC § 103

1. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
2. Claim 2 is rejected under 35 U.S.C. 103(a) as being unpatentable over Pan 2002/0132876.
3. The claim of the instant application and the claim of the reference differ only in the last paragraph of the instant application. There is no mention of wrapping the grip rubber to the handle of the device in the reference. However, the examiner considers it to be an obvious step since the grip rubber cannot be used unless it is wrapped around the handle. The rejection is maintained.
4. There has been no petition found in the electronic file requesting the change of priority (2nd instance). Applicant is requested to re-re-submit said petition with his response, together with the postcard receipt (also missing) of the previous submission, acknowledging its arrival to the USPTO, so it could be submitted to the Petition Branch for consideration.

Conclusion

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not

mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
